

Brick by Brick

It started with a vision driven by love
To build a place that is free, where you are enough.
A seed for generations where futures are bright.
No boxes to conform us, created for us. Now it's our time . .

**To build up the place that has built us,
Till the ground on which we grow.
Ignite the fire that burns in our hearts and let it glow!
So let's come together, lay the foundation,
Founded on heart and soul.
And brick by brick, we build with gold.**

Year after year we grow this dwelling we share,
Built by purest of minds, richness of hearts, genuine care.
Spreading into the world like the fire that burns within.
Adding members to our family that make this house a home.
Knowing we're a part of something where you're never alone! So let's go . .

**To build up the place that has built us,
Till the ground on which we grow.
Ignite the fire that burns in our hearts and let it glow!
So let's come together, lay the foundation,
Founded on heart and soul.
And brick by brick, we build with gold.**

Bridge:

Brick by brick, break through the mould.
Brick by brick, courageous and bold.
Strength of steel, spirit of gold.
We were made to build to the sky, now it's our time . . .

**To build up the place that has built us,
Till the ground on which we grow.
Ignite the fire that burns in our hearts and let it glow!
So let's come together, lay the foundation,
Founded on heart and soul.
And brick by brick, we build with gold.**
