

We Believe

Taking in the world through eyes that meant to see
The love that He has shown, of how He made it be.
Sometimes we are blinded by the things that we can't see.
Its hard to have faith, what we grasp is not in reach.
So use the light to reveal the beauty in the night.

We believe in love.

We believe in the Son.

We believe our Father has come for me.

He came and paved the road, He took and shared our load.
So though we are broken on our own, we will never be alone.
So live Jesus in our hearts, from ashes to our dust.
Give us the grace to have the faith to hold our cross.

We believe in love.

We believe in the Son.

We believe our Father has come for me.

Now we see the world how it was made to be,
Surrounded by love with those who urge us to believe.

We believe in love.

We believe in the Son.

We believe our Father has come for me, for me.
